

Do I need to download any software?

Presenter Platform

<https://www.glisser.com/support/presenter-platform/do-i-need-to-download-any-software/>

You don't need to download any software to use Glisser as it's a web-based application. Glisser runs on any web browser, simply visit <https://present.glisser.com> and sign up or sign in.

Although Glisser will work on any modern web browser with a good internet connection, for the most reliable experience we recommend using [Google Chrome](#).
