

How do I request custom features?

Presenter Platform

<https://www.glisser.com/support/presenter-platform/how-do-i-request-custom-features/>

Following a product roadmap, we are constantly updating and improving the Glisser platform. We'd love to know what you think and what you'd like to see in the platform next. Popular feature requests will be slotted into our product roadmap.

If there's anything you'd love to see in Glisser, please speak to your client experience representative or email us on enquireies@glisser.com and we'll pass it onto our development team.
