

# Which devices does Glisser work on?

Audience Web-App

<https://www.glisser.com/support/which-devices-does-glisser-work-on/>

Glisser uses a web-based application which runs in the audience's browser window. Glisser can therefore operate with all audience devices capable of accessing the internet.

This includes:

- Apple iPhone
- Apple iPad
- Apple iPad Mini
- Android smartphones
- Android tablets
- Windows smartphones
- Windows tablets
- Blackberry smartphones
- All web-connected laptops
